C&F-050

EZLIFT®

The E-Z LIFT Chain & Flight Conveyor is a medium duty conveyor designed to move packaged and rolled materials up 45 degree inclines.

### Typical uses include:

- Shingles, shakes, cartons, building block, tires, and wood

### Features include:

- Two continuously revolving #55 detachable chains
- 4" high rubber padded steel flights
- 7/8" O.D. high strength steel tubing frame
- Approximate 65 FPM constant chain speed
- Chain take-up adjustments
- Drive mounted at side of loading end
- For electric motor – direct drive speed reducer
- For gas engine – internal V-belt and roller chain reduction, and safety guards
- Operating, maintenance and safety instructions

### Accessories:

- Electric motor or gas engine
- Start/Stop switch for electric motor
- Dolly and hitch assembly
- Tail-light assembly
- Portavator pads ahead of each flight

### Options:

- Curved flights, to fit tire contour, on heavy duty CA550 chains
- 23" wide and 30" wide frames

### Frame—19" wide
